

School fees Academic Year 2026-2027:

Following planning for the school's provision for the 2026–27 academic year, fees for Reception to Year 8 pupils can be found below. All figures are quoted per term.

We recognise how important it is for families that our fees remain as accessible as possible. The adjustment to fees this September reflects the impact of inflation and will enable us to continue to support and enhance the quality of the school's provision, ensuring the best possible learning experience for every pupil.
